**POWER OUTAGE NOTICE**  
**Affecting Capreol and Area,**  
**including Wahnapiitae First Nation**

**When: Sunday September 29, 2019 from 7am to 3pm**  
**(In case of inclement weather, Sunday October 6, 2019 from 7am – 3pm)**

A Planned Power Outage will affect all Greater Sudbury Hydro customers in Capreol plus some Hydro One customers in the surrounding area, including the Wahnapiitae First Nation.

This power interruption is necessary to install new equipment associated with Greater Sudbury Hydro's Capreol Substation Renewal Project. Greater Sudbury Hydro crews will be working to minimize the duration of this outage, but as it is of significant length, please make whatever arrangements are necessary for your business or household to be prepared in advance. Please ensure that any computerized equipment is turned off prior to this interruption of service. Please note that most cordless phones and garage doors will not operate during a power interruption.

For more information on the Capreol substation Renewal Project, please visit:  
[www.sudburyhydro.com/capreol](http://www.sudburyhydro.com/capreol)

If you have questions or concerns, please contact Operations Supervisor Rolly Dubois at ext. 2307 or the Control Room at Ext. 2291. We apologize for the inconvenience; however, this planned outage will enable our crews to safely install the new equipment and minimize the risk of unplanned outages in the future.

Thank you for your understanding and patience.
